

Golden Horizon Senior Care

PLACEMENT REFERRALS FOR DISCHARGE PLANNERS, CASE MANAGERS, AND ELDER LAW ATTORNEYS

A same-day call to the family, a shortlist within hours, and no cost to them.

Tyler Pasko, Certified Placement and Referral Specialist, Vero Beach. Assisted living and memory care placement on the Treasure Coast in person and across the country by phone. Communities pay the referral fee; the family never pays.

What I need from you

The family's name and phone number, the level of care, the timeline, and how they plan to pay (private pay or long-term care insurance). With the family's permission, a sentence on what the care team is seeing.

What you get back

A same-day call to the family. A shortlist with confirmed pricing within hours. Tours with the family when they're local. A status note when the family moves in, so your file closes cleanly.

What I never do

Charge the family. Pass a family's details to a community without their consent. Recommend a community because it pays me rather than because it fits. Take a referral I can't serve well, including Medicaid placements, which I say so plainly and point to the county's Aging and Disability Resource Center.
